Hey Lisa,

Hope all's well ... or at least not too crazy. I wanted to followup on Jay's request for some of Teresa's tables and shapefiles. (I believe Chip may have forwarded it to y'all late last week.) Anyway, Jay's request is below. He suggested the Excel files could be emailed directly

to him, but would like the shapefiles posted to the Portal. Also, note that the table 6-1 file was ommitted from Jay's original request. Please add that one.

Thanks a bunch,

-R
